

FEATURES OF PANASONIC ALL-IN-ONE LED WALL DISPLAY

JUGGLE THE DIVERSE FUNCTIONALITIES:

With intuitive features like Picture-in-Picture mode, you can work with various sources of content that are displayed simultaneously for enhanced usability.

CONSISTENCY IN PICTORIAL AMAZEMENTS:

Impeccable quality control and fine tuning of the production ensures unparalleled uniformity between the LED units up to 97% brightness.

INCREDIBLE CONTRAST:

Panasonic All-in-One LED Display gives consistent clarity and contrast (8000:1) with incredible details, in bright as well as dark visuals.

PORTRAY THE TRUE COLORS:

The remarkable production standards help in reproducing accurate colors without any distortion.

A COLORFUL AND BOLD STATEMENT:

Witness the display in a new light with the help of 16-bit color processing that provides a higher greyscale, to depict a more vivid image along with greater picture, depth and quality.

FEATURES OF PANASONIC ALL-IN-ONE LED WALL DISPLAY
